FRC Funding Allocation Proposal

Create two separate RFP processes:

Process #1: Non competitive RFP process where existing Family Resource Centers submit a programming plan and budget requesting up to \$12,500 in funding for the (October 2017-June 2019) grant period with a matching requirement.

- With the option to apply for additional funds if available

Process #2: Non competitive \$1,000 grant awards for school districts who would like to begin plans to start an FRC.

Additional Funding Option

Use a portion of the carry over funds from the hub coordination budget to make additional funds available for FRCs through a competitive RFP process. (This could be an add-on to the proposal they are already submitting)
